Would you like to be a college student while still in high school? While taking EASTERN's Computer Network Administration program, you are also enrolled at Montgomery County Community College for up to 12 transferable credits. More and more businesses need network administrators now. Get your start here!

Computer Network Administration

■ This program is for high school junior and seniors only in Eastern Montgomery County. It is offered in partnership with your high school. Your school district provides transportation to EASTERN.

■ You receive graduation credit from your high school for taking this program at EASTERN. IF you earn a 70% or better and complete all your career objective tasks you will also receive an EASTERN certificate.

■ You are prepared to take three industry certification exams; Certified Linux Administrator (CLA), Microsoft Certified Technical Specialist (MCTS) and Novell Certified Administrator (NCA).

■ You will learn the same material, follow industry standards and use equipment used by professionals.

■ Quality instruction is EASTERN's hallmark. We guarantee what you learn with a Student Warranty!

■ You can receive guaranteed admission into Penn State Abington School of Information Sciences and Technology if you meet PSU criteria.

■ You can take advantage of EASTERN's dual enrollment program with Montgomery County Community College for up to 12 transferable credits.

■ You can receive advanced placement at Penn College of Technology, or you could receive a $1,200 scholarship per semester at DeVry University for completing Cisco Semester 1 at EASTERN.

■ Get more information about this program on our web site at www.eastech.org or call 215-784-4806.

Prerequisite
Algebra II completed or scheduled during the first year of the program

To be successful you need to
■ interpret, diagnose and troubleshoot problems
■ communicate effectively on paper, e-mail and in person
■ keep your skills current and acquire new ones

After completing this program, you can
work in the industry and/or continue your education in college

Job prospects…
are GOOD! Computer networks are everywhere and need technical support.
