Gloves: Gloves that are worn with the duty uniform or PT uniform will be in compliance with the rules of the sending high school and/or the Eastern dress codes. Black gloves are preferred.

Headgear: Winter headgear for the dress or PT uniform will only be worn when outside of the school building. The headgear will be a solid navy blue or black watch cap. The only design authorized on such headgear is the manufacturer's logo, example: Nike Swoosh.

Modifications to the uniforms are not permitted without direct permission of the instructor.

All other grooming and appearance standards as established on the first day of class remain in place. Earrings will not to be worn, as well as finger rings and other jewelry are discouraged for safety reasons.

Students may not purchase like items from other vendors besides On Guard Apparel. The use of other vendors will result in duty uniforms that do not match with other students. Students should check with the instructor prior to making such purchases they feel might not meet the uniform standards, this will ensure the item meets the standards of the Protective Services Program.
