

AUTOMOTIVE TECHNOLOGY
Occupational Advisory Committee
Tuesday, January 28, 2020
Location- Automotive Technology Theory Room 7:00 PM

MINUTES

I. Call to order

Called to order by Matt Conard at 7:05

II. Roll Call

Matthew Conard, Alex Minnick, Dan Curnell, Frank Paviglianiti, Elizabeth Maiter, Don Schnell

III. Approval of minutes from last meeting

Approved by Elizabeth Maiter, Second by Frank Paviglianiti

IV. Unfinished Business

Discussed AUT shop renovations that were discussed at Chairpersons meeting.

V. New Business

a) Chairpersons Meeting

Matt Conard presented discussions about Automotive Technology shop renovations that were presented at Chairpersons meeting

b) Student Certifications

- Discussed student preparations using free ASE test sites and dates for ASE Entry level testing. All second-year students are enrolled in ASE testing this year and first round testing will begin first week in February.
- George Stahl gave presentation about student ACE Ford certification. We have 13 second year students registered for training. Students receive certificates and credits from Ford Motor Company for modules completed. To supplement CDX learning Systems and assist students in ASE certification, there are lots of modules that cover current, real world technologies such as start stop engine technology, lane assist, lane keep technology, adaptive cruise control, cars, Hybrid Technology and plug-in Technology Diesel and gas engine electric theory, EV performance available to teach students and ready students for the work environment and their careers.

- Inquired about training available from Toyota and Honda for students.

c) Open House

- Matt Conard Car
- Dan Curnell Truck/Car
- No race car from UTI this year.
- Matt Conard asked for all OAC members to participate at open house.
 - In past years the open houses have been packed with parents, prospective students asking questions about program.
 - Brief discussion about students that do not get accepted in AUT program.
 - Is there some option to increase enrollment in AUT so students don't have to settle with a second-choice program option?
 - AUT program is very popular and automotive industry needs more technicians.
 - Is there anything could be done to accept more students into program?

d) Awards

Reviewed student awards that are available and develop strategies to increase business/industry participation.

- Automotive Aftermarket/MARA (donor funded)
- Bryner Chevrolet (donor funded)
- Conicelli Automotive (donor funded)
- OAC Award
- Robert H Mertz Scholarship (donor funded)
- Thompson Organization (donor funded)
- Sean C. Burke Founding (donor funded)
- Verizon Student Award (donor funded)
- Account balance - \$128.00
- Ford Motors

e) OAC Membership
